Natural Resources | Plant & Equipment Insurance

01 / Company and operations

Complete electronically and save a copy. Use N/A where a question does not apply. Attach continuation sheets where needed, quoting the section and your company name.

Full legal name of proposer and subsidiaries to be included

Company registration number / country

Website

Registered office address

Contact name and position

Email and telephone

Business established / relevant experience

Annual turnover and currency

Sector(s) - select all that apply

- [ ] Mining / mineral processing
- [ ] Quarrying / aggregates
- [ ] Oil and gas / drilling
- [ ] Renewables / power generation

Describe operations, commodities, processes and work undertaken for others

Requested inception date and period

Annual policy or specific project (give dates)

List all countries and sites. Attach a location schedule where needed, including values and the maximum concentration of equipment at each location.

Site names, addresses / coordinates, countries and project operators

Territories required (including temporary visits)

Maximum value at any one site and currency

Operating environments - select all that apply

- [ ] Surface / open pit
- [ ] Underground / tunnels
- [ ] Offshore / over water
- [ ] Remote / isolated sites
- [ ] Floating / barge mounted
- [ ] Other - describe below

Exposure details: depths, water depths, gradients, ground stability and lifting operations

Flood, storm, earthquake, wildfire, landslide, subsidence and tailings / dam exposures

Transit routes, methods, loading / unloading, sea / air movements and maximum transit value

Site access, distance to emergency services, recovery arrangements and seasonal shutdowns

Select the covers you would like considered. Availability, limits, exclusions and deductibles are subject to insurer agreement. Complete the separate equipment schedule for individual assets.

Cover requested - select all that apply

- [ ] Owned plant: physical loss / damage
- [ ] Hired-in plant: contractual liability
- [ ] Plant hired out to others
- [ ] Machinery breakdown
- [ ] Transit / loading / unloading
- [ ] Continuing hire charges
- [ ] Business interruption / loss of revenue
- [ ] Additional cost of working

Currency for all values (or identify exceptions)

Valuation date / basis / independent valuation

Owned equipment: total value

Largest single item: value and description

Hired-in: maximum value at any one time

Annual hire expenditure / maximum hire term

Hired-out: total value / annual hire income

Continuing hire: weekly limit / maximum period

Requested limits: debris removal, recovery, expediting costs and other extensions

For income / interruption cover: basis, amount, indemnity period and critical dependencies

Preferred deductibles / waiting periods

Other insurance / overlapping covers

Include fixed processing machinery, mobile equipment and critical spares. Provide supporting maintenance records or surveys where available.

Equipment types, age range, condition, operating hours and any prototype / modified equipment

Maintenance programme, manufacturer guidance, service intervals and who performs servicing

Inspection / certification regime; overdue work, known defects and corrective actions

Operator competence, training, supervision, shift patterns and fatigue controls

Fire protection: detection, suppression, fuel / battery storage, hot work and emergency response

Theft controls: fencing, guards, CCTV, immobilisers, tracking, keys and overnight storage

Critical spares, repair capability, parts lead times and specialist recovery / replacement plans

Breakdown cover: critical machines, redundancy, monitoring and longest expected repair time

Attach relevant hire terms, equipment leases and project contracts. Include losses whether insured or uninsured, and incidents that may give rise to a claim.

Your role: owner / operator / contractor / hirer; principal, project and contract duration

Hire terms used (e.g. CPA or bespoke); responsibility for loss, damage and continuing hire

Indemnities / hold harmless, waivers of subrogation and responsibilities assumed by contract

Additional insured / loss payee / lender interests and any required insurance clauses

Current insurer, renewal date, limits, deductibles and premium (if available)

Has any insurer declined, cancelled or imposed special terms?

- Yes
- No

If yes, give insurer, date, circumstances and terms

Losses in the past five years: date, cause, asset / site, amount paid / outstanding and currency

Remedial measures and any known circumstances that may lead to a claim

This questionnaire gathers initial underwriting information. Insurers may require further information or their own proposal form. Completion does not place insurance or confirm cover.

Documents enclosed or to follow

- [ ] Completed equipment schedule
- [ ] Site / location values schedule
- [ ] Hire agreements / contract clauses
- [ ] Five-year claims record
- [ ] Maintenance / inspection records
- [ ] Risk surveys / valuations

Outstanding documents and expected availability dates

Additional information relevant to the insurance requested

Applicant confirmation

I confirm that I am authorised to provide this information on behalf of the proposer. To the best of my knowledge, the answers and attachments are accurate and complete. I will notify ICOR Resources of corrections or changes before cover is agreed.

Name

Position / authority

Typed confirmation of name (not a digital signature)

Date

Please save the completed PDF and return it with the supporting documents through your agreed ICOR Resources contact. Keep a copy for your records.

Form guidance: download before completing and use Adobe Acrobat Reader or another PDF reader supporting fillable forms. After saving, reopen the file to check that your entries have been retained.
